With your mentor(sponsor) get a list of the people you know. Decide who you would like in the business and who would like the product. You're trying to find the people you want to work with. Then ask them if they know anyone who would like to earn £400 a month without too much more work by helping me expand my business. They will say what is it? Say it is a breakthrough in nutrition that costs from around a pound per day. Have a look at a couple of 2minute videos we have put together with an Irish friend(presenter Emma Buckley) and lets meet up for drinks on me.

Then meet up with them and go through the power of numbers presentation with them, a 20 minute presentation. See power of numbers training leaflet
